

DES. No 53 of 1990

GOVERNMENT OF KARNATAKA

FULLY REVISED ESTIMATES
OF
PRINCIPAL CROPS IN KARNATAKA
FOR
THE YEAR 1987-88

Issued by
DIRECTORATE OF ECONOMICS AND STATISTICS
BANGALORE
1991

P R E F A C E

The Official estimates of area, production and average yield of all the principal crops grown in Karnataka State are released annually in the form of Fully Revised Estimates by the Directorate of Economics & Statistics, Government of Karnataka, Bangalore. The current publication for the year 1987-88 is the thirty third issue in the series.

This publication embodies the final tables on area, production and average yield of principal crops grown in Karnataka during the year 1987-88. The area estimates are based on the Annual Season and Crop Reports received from the Tahsildars through the District Statistical Officers. The results of Crop Estimation Surveys (1987-88) wherever available, are used in building-up the production estimates.

The data is presented district-wise for the year 1987-88. Summary Tables embodying State level data for the years 1983-84 to 1987-88 are also presented.

This publication has been prepared in the Agricultural Statistics Division of the Directorate. Suggestions for improvement of this publication are welcome.

H.S. NAGARAJ
Director,
Directorate of Economics & Statistics.

Bangalore,
Dated: 8th April 1990.

NKS/-.

C O N T E N T S

NAME OF THE CROP	PAGE NO:
NOTES ON TABLES :	1 - 3
PART-1: <u>Fully Revised Estimates of Cereal Crops :</u>	
1. State Figures for the last 5 years ie., 1983-88	4 - 6
2. State Abstract for 1987-88	7 - 8
3. Paddy	9 - 18
4. Rice	19 - 28
5. Jowar	29 - 38
6. Bajra	39 - 43
7. Maize	44 - 53
8. Ragi	54 - 63
9. Minor Millets	64 - 70
10. Kharif Cereals and Small Millets (All crops)	71
11. Wheat	72 - 74
12. Rabi Cereals (All crops)	75
13. Summer Cereals (All crops)	76
14. Cereals and Small Millets (All seasons)	77
PART : 2 : <u>Fully Revised Estimates of Pulses Crops:</u>	
1. State Figures for the last 5 years ie., 1983-88	78 - 80
2. State Abstract for 1987-88	81
3. Tur	82
4. Horsegram - Kharif	83
5. Blackgram - Kharif	84
6. Greengram - Kharif	85
7. Avare - Kharif	86
8. Other Pulses - Kharif	87
9. Kharif Pulses (All crops - Excluding Tur)	88
10. Kharif Pulses (All crops - Including Tur)	89
11. Bengalgram (Gram)	90
12. Horsegram - Rabi/Summer	91
13. Blackgram - Rabi/Summer	92
14. Greengram - Rabi/Summer	93

: (ii) :

15. Avare - Rabi/Summer	94
16. Other Pulses - Rabi/Summer	95
17. Rabi/Summer Pulses (All Crops Excluding Bengalgram)	96
18. Rabi/Summer Pulses (All crops - Including Bengalgram)	97
19. Pulses (All Seasons)	98
20. Foodgrains (All Seasons)	99

PART - 3 : Fully Revised Estimates of Oilseed Crops:

1. State Figures for the last 5 years ie., 1983-88	100 - 101
2. State Abstract for 1987-88	102
3. Groundnut	103 - 105
4. Sesamum	106
5. Rape & Mustard	107
6. Nigerseed	108
7. Safflower	109
8. Castor	110
9. Linseed	111
10. Sunflower	112
11. Soyabean	113
12. Oilseeds (All crops)	114

PART - 4 : Fully Revised Estimates of Commercial Crops :

1. State figures for the last 5 years ie., 1983-88	115
2. State Abstract for 1987-88	116
3. Sugarcane	117
4. Cotton	118 - 121
5. Tobacco	122

PART - 5 : Fully Revised Estimates of Plantation and Horticultural Crops :

1. State Figures for the last 5 years ie., 1983-88	123 - 124
2. State Abstract for 1987-88	125
3. Banana	126
4. Papaya	127
5. Cashewnut	128 - 133

: (iii) :

6. Potato	134
7. Tapioca	135
8. Onion	136
9. Sweet Potato	137
10. Coconut	138

PART - 6 : Fully Revised Estimates of Condiments and Spices Crops :

1. State Figures for the last 5 years ie., 1983-84	139 - 140
2. State Abstract for 1987-88	141
3. Dry Chillies	142
4. Dry Ginger	143
5. Turmeric	144
6. Cardamum	145
7. Garlic	146
8. Black Pepper	147
9. Arecanut	148 - 149
10. Coriander	150

PART - 6 : Fully Revised Estimates of Condiments and Spices Crops :

1. Figures for the last 5 years ie., 1983-88	139 - 140
2. State Abstract for 1987-88	141
3. Dry Chillies	142
4. Dry Ginger	143
5. Turmeric	144
6. Cardamum	145
7. Garlic	146
8. Black Pepper	147
9. Arecanut	148 - 149
10. Coriander	150

PART - 7 : Fully Revised Estimates of Miscellaneous Crops :

1. State Figures for the last 5 years ie., 1983-88	151
2. State Abstract for 1987-88	152
3. Mesta	153
4. Sunhemp	154

PART-8: Index Numbers of area, Production and Productivity of Principal Crops in Karnataka, 1983-88.	155 - 159
--	-----------

NOTES ON TABLES :

1. Fully Revised Estimates of Area, production and Average yield of principal crops grown in Karnataka State during the year 1987-88 are presented in the Tables contained in this publication.

2. The village-wise crop area coverage together with other land use particulars are compiled from the source document of RTC (Pahani) recorded and submitted by the Village Accountants to the Tahsildars, at the Taluk level, based on which the Statistical Inspector of the Directorate of Economics & Statistics attached to the Taluk Office prepares Annual season and Crop Report for the Taluk and submits it to District Statistical Office. The District Statistical Officer, in turn, consolidates the District Annual Season and Crop Report and forwards it to the Directorate of Economics & Statistics. At the State level, the Annual Season and Crop Report is compiled based on the district reports and the same is adopted for use in this publication for crop area coverage data.

3. At present production estimates are prepared in respect of 49 principal crops grown in Karnataka. Average yield data estimated through the scientific analysis of Crop Cutting Experiment results are adopted for working out the production estimates in respect of the following 26 crops which are covered under Crop Estimation Survey.

Cereals : 1. Rice, 2. Jowar, 3. Bajra, 4. Maize, 5. Ragi, 6. Wheat, 7. Haraka, 8. Navane and 9. Save.

Pulses : 1. Tur, 2. Gram, 3. Horsegram, 4. Blackgram and 5. Greengram.

Oilseeds: 1. Groundnut, 2. Sesamum, 3. Safflower, 4. Sunflower, 5. Castor and 6. Linseed.

Commercial Crops : 1. Sugarcane, 2. Cotton and 3. Tobacco.

Horticultural Crops : 1. Banana, 2. Onion, and 3. Potato.

4. In respect of the following 23 crops no crop estimation survey estimates are available as no crop cutting experiments are planned. For these non-CES crops, yield rates based on traditional methods are adopted to work out the production estimates.

NOTES ON TABLES (Contd.)

Cereals : 1. Baragu, 2. Badlivari and 3. Other Small Millets.

Pulses : 1. Avare and 2. Other Pulses.

Oil Seeds: 1. Nigerseed, 2. Rape & Mustard and 3. Soyabean

Horticultural & Plantation Crops :

1. Papaya, 2. Cashewnut, 3. Tapioca
4. Sweet Potato and 5. Coconut.

Condiments and Spices Crops :

1. Dry Chillies, 2. Dry Ginger, 3. Turmeric,
4. Cardamum, 5. Garlic, 6. Black Pepper,
7. Arcanut and 8. Coriander.

Miscellaneous Crops : 1. Mesta and 2. Sunhemp

5. Production estimates for the district are obtained by multiplying the area figures by the respective yield rates in respect of individual crops. A bund correction of five percent is applied in respect of Cereals, Pulses, Oilseed and Commercial Crops which are coming under Crop Estimation Survey referred to vide para-3 of this note. The division level and State Level production estimates are obtained by the sum of individual district and division figures respectively.

6. Seasonwise production estimates under each crop, total Cereals, total pulses, total foodgrains and total oilseeds are obtained by the sum total of the respective variety or season or the individual crop, as the case may be. The pooled average yield in such cases will be obtained by dividing the production figures by the respective area figures after applying necessary bund correction, as the case may be.

7. In the case of CES crops, wherever district yield rates are not available, the concerned division average yield rate is adopted for working out the production estimates of such districts. In the absence of the division average yield, the State average yield is taken as the average yield of that division and district.

8. Production of the Rice is given in terms of raw rice, that of Groundnut in terms of nuts in shells, and sugarcane in terms of cane.

9. The Unit of measurement of production is as follows :

- Cotton - Bales of 170 Kgs in lint form
- Mesta - Bales of 180 Kgs.
- Black Pepper & Dry Ginger - Quintal
- Coconut - Thousand nuts
- All other Crops- Metric tonnes.

NKS/--
